DETAILED ACTION

The Amendment, filed on November 2, 2004 has been entered and is acknowledged by the Examiner.

Cancellation of claim 36 has been entered.

Applicant's arguments filed November 2, 2004 have been fully considered and are persuasive. The rejection of the application has been withdrawn.

Allowable Subject Matter

Claims 1-5, 7-9, 12-20, 26-35, 37-40 and 42-46 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 17 and 26, the references of the Prior Art of record fails to teach or suggest an OLED device having the combination of the limitations as set forth in claims 1, 17 and 26, and specifically comprising the limitation of a portion of the patterned getter layer provided between at least some of the pixels.

Claims 2-5, 7-9, 12-16 and 42-44 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Claims 18-20 and 45, 46 are allowable for the reasons given in claim 17 because of their dependency status from claim 17.

Art Unit: 2879

Claims 27-29, 31-35 and 37-40 are allowable for the reasons given in claim 26 because of their dependency status from claim 26.

Regarding claim 30 the prior art of record neither teaches nor suggests a flexible OLED device having all the limitations as claimed in claim 30 and particularly comprising a patterned getter layer comprising plurality of narrow bands of getter material disposed between the flexible substrate and the cover, the patterned getter bands being sufficiently narrow to prevent from cracking when the OLED structure is flexed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
